

 VERKADA

Solution For K-12 Education

# SOLUTION FOR K-12

## Make Schools Safer With Smart Video Security

School districts of all sizes turn to Verkada to modernize their video security. From the hallways to the playground, Verkada empowers IT managers, school security, administrators, and even teachers with simple to use access to world-class enterprise video surveillance.

### WHY SCHOOLS CHOOSE VERKADA

**+ Monitor Anywhere**

Access footage from any computer or mobile device – no downloads required

**+ Camera Health & Status**

Always know the health and status of your cameras, including offline alerts

**+ Simple to Set Up**

No NVRs/DVRs, thick clients, or added configurations – just a PoE connection

**+ Protected Investment**

All hardware is backed by our industry-leading 10-year warranty

**+ Automatic Updates**

Automatic firmware updates keep cameras up-to-date and cyber-secure

**+ Smart, Instant Alerts**

Receive a notification when a camera detects meaningful motion or tampering

**+ Share Feeds Instantly**

In an emergency situation, easily share links of live footage via SMS or email

**+ No Hidden Costs**

Reduce the cost and unpredictability of lifetime ownership with transparent pricing

### WHY OUR CUSTOMERS LOVE US

**Bandwidth-Friendly**

*“What was keeping me up at night was, am I going to overflow this WAN and affect people’s day to day internet-based usage with this video traffic? But once I saw the Verkada solution, you don’t need to worry.”*

- Tim Miles, Technology Director, Steamboat Springs School District

**Flexible Deployments**

*“We needed something that was easy to set up. Verkada gave us the ability to take the camera out of the box, and with very little effort, have it installed and connected with the software. There’s a lot of freedom in what we could do with the cameras.”*

- David Rodriguez, Dir. of Info. Technology, Kiona-Benton City School District

# SOLUTION FOR K-12

## SIMPLE, POWERFUL VIDEO SURVEILLANCE

School districts of all sizes choose Verkada to simplify and strengthen their physical security operations. Choosing Verkada means no longer having to maintain outdated equipment like NVRs and DVRs, parsing through hours of unnecessary footage, or jumping through hoops to get access to cameras in emergency situations. With Verkada, footage is always accessible, analyzed, and safely stored on camera as well as in the cloud.

### HYBRID CLOUD SECURITY SOLUTION

Each Verkada camera encrypts and stores video in solid-state storage

*(30, 60, 90, 120-day models)*

Cameras communicate securely with Verkada's high-uptime cloud service

Securely view and manage video 24/7 on any device, anywhere in the world

### SCHOOLS & ORGANIZATIONS OF ALL SIZES TRUST VERKADA

# SOLUTION FOR K-12

## CUSTOMER STORY: MORGAN HILL UNIFIED SCHOOL DISTRICT

<b>15</b> Schools	<b>10</b> Minutes to Install	<b>30%</b> Lower Operating Costs
----------------------	---------------------------------	-------------------------------------

*“With Verkada, we’re bringing our security systems out of that archaic age of DVRs.”*

- Jim Carrillo, Director of Technology at Morgan Hill Unified

Situated south of San Jose in the Bay Area of California, Morgan Hill Unified School District serves 8,900 students across its 15 schools. As the needs of its principals and administrators have changed, MHUSD’s head of technology, Jim Carrillo, chose Verkada to replace aging server-based CCTV technology.

### Centralized Management

- From a single Verkada account, Jim and his team are able to easily manage cameras and user permissions for administrators across the district

### Straightforward Cost Allocation

- Cost is allocated at the individual camera level, making budgeting for each school clear-cut and easy

### 24/7 Remote Access

- Authorized users are able to access video on their mobile device, with no special configuration or plug-ins required for administrators across the district

### No Training Needed

- Software so simple that no additional training is required for IT, facilities, or administrators

# SOLUTION FOR K-12

## FEATURES & EXPERIENCE

### REAL-TIME VISIBILITY & RESPONSE

- Instantly share live video streams with first responders, administrators, and others via SMS and weblinks
- View and manage video on any device
- Embed live video streams to share sports games and other school activities with the broader community
- On-camera accelerometer sends SMS alerts when tampering is detected

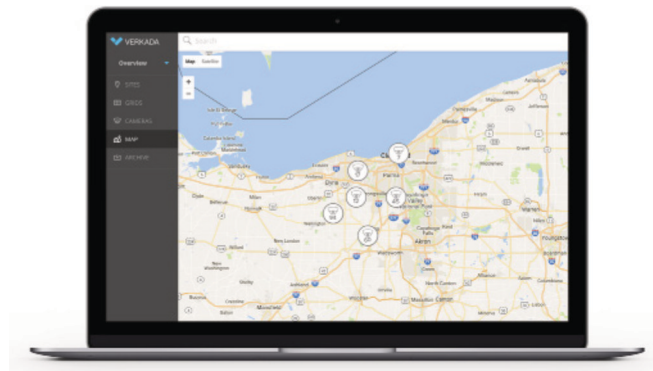

### 'ZERO CONFIGURATION' SETUP

- No NVRs/DVRs, VPNs, or port forwarding
- All cameras are PoE and, by default, communicate over HTTPS via port 443
- Cameras auto-provision into your account once plugged into a PoE switch with DHCP

### EASY MANAGEMENT

- Easily control user permissions at the district, school, classroom, and camera levels
- SAML and two-factor authentication available for added account protection
- No thick clients, third-party plugins or additional hardware required

# SOLUTION FOR K-12

## ACTIVITY SEARCH

- Isolate areas of interest and instantly surface footage where activity was detected, such as in the event of theft
- Quickly export, archive and share video clips in standard formats like MP4
- Save time, increase incident response time

## ALWAYS UP TO DATE, ALWAYS SECURE

- Software and firmware automatically kept up to date via regular security, performance, and feature enhancements
- No more manual system updates and unpatched vulnerabilities
- Redundant firmware banks ensure failsafe updates and high uptime
- Latest data encryption and security standards, with no special configuration required

## CUTTING-EDGE TECHNOLOGY DESIGN

- 3-12MP video resolution with fixed, varifocal, and fisheye options
- Onboard storage with options ranging from 30-120 days of continuous HD footage
- High Dynamic Range and proprietary algorithms ensure optimal picture quality
- Slim bandwidth footprint of 5-20 kb/s per camera during normal operating mode

# SOLUTION FOR K-12

## People History

- Bring speed and efficiency to investigations with powerful computer vision
- See high-resolution images of every person that comes and goes through your space
- Search and filter for people by time, date, gender traits, top/bottom clothing color, and facial matches

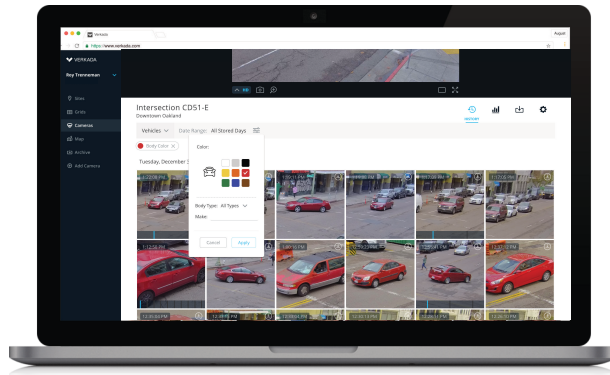

## Face Detection

- Quickly search for people detected on camera by facial matches or uploaded images
- Instantly view all moments of a facial match where a person was detected
- Export any relevant images and footage to any device

## Mobile Face Search

- From the Verkada mobile app, users can also search for people and facial matches
- Using a mobile device's built-in camera and photo library, users can search for any matches caught on camera

## Vehicle History

- Bring speed and efficiency to investigations with powerful computer vision
- See high-resolution images of every vehicle that passes through your space
- Search and filter for vehicles by time, date, make, body type, and color
